

## CAS project form

### Student document

Student project leader(s)	Dora Strmečki, Martina Radovanic
Members	-  -
Title of project	World Water Day and Earth Day
Focus of project	Raising awareness about environment in elementary school pupils
How we are following the CAS stages:	For each CAS stage, describe either what has been done or what you plan to do: 1 <sup>st</sup> check-up / 2 <sup>nd</sup> check-up + FINAL 10.3.2019. → started planning (time, research, goals, organizing the dates with the schools) Dates: 29.3.2019. / FINAL 13.4.2019. → reflecting on our working stages, on pupils' learning process, and our improved ATL skills ↳ starting to plan presentations for Earth Day, doing research, analysis of sources (primary + secondary) Elementary school books (1 <sup>st</sup> & 3 <sup>rd</sup> grade "Priroda i društvo"), online educational presentations, articles, recycling manuals, discussion with our Geography & Biology teachers
Investigation	Improving PP presentations, worksheets for students, materials for workshops (poster making, drawing, making recycling bins, coloring), arranging dates with schools
Preparation	Presenting in elementary schools, doing workshops, interacting with pupils, doing discussions
Action	Reflecting upon our work, products, pupils' response and progress, evaluating our involvement in ATL skills, reflective discussion with the pupils & our CAS coordinator, as well as the pupils' teachers
Reflection	

Demonstration	Power Point presentations, posters, completed worksheets, drawings, recycling bins
