BE THAT CHANGE!

SERVICE AND ACTION GUIDE
2020-2021

“Be the **change** that
you want to see in
the world.”

Mahatama Gandhi

*“What is the essence of life? To serve
others and to do good.” — Aristotle*

Service as Action in the MYP

Action (learning by doing and experiencing) is an important part of the IB MYP. Service is how you engage yourself to the action. Service and action is a required activity or project in each year of the program. Service and Action is about raising awareness of the world around you. Service involves the following elements:

- Awareness and understanding of an issue be it local or global.
- Commitment to help others.
- Ability to show empathy.

Remember, *it is time for your service to take action!*

MYP learning outcomes for Service and Action

You will:

1. become more aware of their own strengths and areas for growth
2. undertake challenges that develop new skills
3. discuss, evaluate and plan student-initiated activities
4. persevere in action
5. work collaboratively with others
6. develop international-mindedness through global engagement, multilingualism and intercultural understanding
7. consider the ethical implications of their actions.

Why is Service and Action important?

- Provides students with the opportunity of helping their school
- Provides students with the opportunities of helping their local and even international community
- Helps students apply their academic, social and personal skills to improve their surroundings
- Allows students to develop new skills, interests, and talents
- Helps students to take an initiative on something they believe in
- Encourages responsible citizenship
- Make a connection between what you learn in the classroom and the community

Students in Year 4 & 5: REQUIREMENTS FOR 2020-21 in Response to COVID-19

It is anticipated that students will be able to continue with service as action experiences in a remote or online setting although the nature of these experiences is likely to have to be adjusted and adapted. All kinds of action that students undertake must meet epidemiological protocols written by the Croatian Institute of Public Health / Civil Protection Directorate.

- ❖ Students are required to complete **two service** activities and/or projects in each year of the MYP.
- ❖ Of the two: one activity in school and one activity out of school must take place if applicable.
- ❖ Service can take different forms:
 1. Through their local community
 2. Their own student initiative (your choice, your idea)
 3. Current global issue(s): *Global Warming, Pandemic*
- ❖ Activities should be divided between each term.

- ❖ The time of each service will vary from student to student.
- ❖ There is no minimum or maximum time (hours) for each activity/project.
- ❖ **The Key** is to develop one of the MYP attributes (learning outcome).
- ❖ Before each student begins his or her activity, the teacher leader must approve/register it.
- ❖ Evidence of all service activities must be provided through written materials. Students are encouraged to submit photographs, certificates (a copy) etc. of their service commitment.
- ❖ To receive the certification of participation, materials (record log and reflection sheet, etc.) must be submitted on time.
- ❖ Students will not be promoted to the Diploma Program if *Service and Action* requirements are not completed for both Year 4 and 5 (total of 4 activities).
- ❖ **Deadlines:**

First service activity/project	February 2, 2021
Second service activity/project	June 1, 2021

Examples include:

While physical distancing protocols limit the kinds of action that students can undertake, there are still many ways they can work towards the learning outcomes for service as action.

- tutoring peers in various subjects (assisting new MYP students)
- collaboration with subject teachers on unit topics of study
- become aware of the International Days observed around the globe (the UN calendar)
- create a podcast (for example, how to take care of your physical and mental well-being during Covid19 crisis)
- write a blog on social issues
- virtual visits to discover new places (do research to inform and educate your peers)
- create posters for the classroom to raise awareness on important issues
- participating in various activities/events organized inside the school (*Pi Day, Earth Day, Personal Project Festival...*)
- organization of the school's Christmas festivities
- participation of any activities that might arise during the academic school year
- participating in the organization of *Dojdi osmaš* in Zagreb, *Dani otvorenih vrata* at school
- activities with UNICEF, Škole za Afriku (Schools for Africa)
- activities in French classes, participation in "Mjesec Frankofonije u Hrvatskoj"

A REMINDER

- be sensible: service/volunteering should be earned at respectable organizations like schools, religious organizations, government/city organizations/associations, environmental groups, hospitals, food kitchens, etc.
- service should be a learning aspect

- students may not receive pay or compensation of any kind for the work completed
- students may not work without parent(s) permission
- students may not miss school to complete the service
- respect deadlines in terms of your service obligation

SERVICE AND ACTION CRITERIA

Service learning is a process. The **five stages** are:

1. Investigation

→Identify and justify a need for service. It can take the form of the following:

Direct action – working directly with a community
 Indirect action – helping those with whom you have no direct contact
 Advocacy – raising awareness about a cause that particularly interests you
 Research – finding out and then reporting about a particular issue

2. Preparation

→ Collaborate with the relevant organization concerning dates, time and your role in the project.

→Reflect upon what you will learn by participating in this service.

3. Action

→ Take action!

→ Work hard and make the difference you can.

4. Reflection

→Upon completion of each service, complete all written materials.

→ Share additional evidence like pictures, etc. from your service.

5. Demonstration (optional)

→ Share your learning experience with the school and the organization you helped.

You may present a PowerPoint presentation, journal, photo collage, etc. to the class.

Each student will have to complete the necessary stages through written reports. After the completion of service, a written reflection is an important component. **This reflection process must focus on the MYP learning outcomes** (pg. 3). In addition, the Learner profile attributes should be reflected through your involvement in service as action.

Why reflection?

Reflection is an essential component of the MYP *Service As Action* learning requirement. It is the element that helps to “develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect” (IBO Mission).

In conclusion, your engagement in service will make that difference in our world.

Remember, it only takes a little effort to be that change!

Important note:

All materials (guide, enrollment document, report documents) are posted on the school's website: www.mioc.hr.

For further questions, contact
Ms. S. Franić, prof. and service leader
Room: N2
sfranic@mioc.hr.

PARENT CONSENT FORM

Approval for *SERVICE AND ACTION*

School Year: 2020-2021

To the Parents of students in Year 4 and Year 5:

I understand the requirements that my son or daughter must complete as part of the MYP component. In particular, I understand that participation in Service and Action is required and that students will sometimes be required to stay after school, on weekends and/or especially participate in activities outside of the school, which maybe organized by other organizations, groups, associations, etc. **Service in response to Covid19 is likely to be adapted and adjusted in compliance with all regulations given by the Civil Protection Directorate.**
